

BCOPOA Minutes

March 6, 2017

Meeting called to order 7:02 pm

Members present: Lee, Lawrence, Sam, Denise

Previous minutes were read and approved

Lee recommended we contact a professional or other competent person to set up and get the Web site up and running. Lee and Lawrence volunteered to find someone to accomplish this. The board will call a meeting or make contact via email to discuss the options they find and decide at that time.

Denise requested we consider replacing the lights at both monuments to help the neighborhood participate in the "Dark Sky" initiative once the construction at 1826 is completed. Neither monuments have working lights as of tonight. Landscaping for the Bear Creek Dr monument will also be considered at the next meeting.

Meeting adjourned 7:30 pm
